perform in the tataroo. Black Watch re-enactors were there present to discuss the impact the Scots had on the French and Indian war there. We also ran into Brother Masons from the local Fort Defiance Lodge and a Bro. from Maine.

A proud Mason with his grandsons. Mason is on the left, Hudson on the right. (He really is saying 'hurry and take the picture!')

Robert Fagge of Brattleboro Lodge #102 is (very) proud to show off his new twin grandsons born to his daughter Devon and son-in-law Matthew Clark, Heath, MA.

The little guy on Robert's left is Hudson; on the right is Mason - just think, in only a few short years, maybe there will two new Masons in the family, especially if one is called Master Mason Mason.
