ALLOCATION OF THE COMMANDER – IN – CHIEF

Ill.: Frederick E. Jackson, 33°

To the Vermont Council of Deliberation now in session:

To the officers and members of the Vermont Council of Deliberation, Distinguished Guests, Brother Masons, and all,

Good morning Brethren and guests. I have today the sincere pleasure and special privilege of welcoming each of you to this, our one hundred and thirty fourth Annual Assembly of the Vermont Council of Deliberation, held this fourteenth day of June in the city of Montpelier Vermont.

It is indeed a special day for us as we are honored by the presence of Ill.: John William McNaughton, 33°, our Sovereign Grand Commander and his lady Judy, and Ill.: Calvin K Kyler, 33° and his lady Joanne, who will join us for lunch. Please extend a hearty Vermont welcome to these distinguished Masons. We are also honored to have with us Ill.: Peter G. Huntsman, 33° and Ill.: Richard E. Hildebrand, 33°, Active Emeriti members of Supreme Council, who have made the effort to join us today. We thank them for their past and present service to our Fraternity and are pleased to acknowledge their continued support.

NECROLOGY

I will now call upon Ill.: Bro. Charles C. Luciano, 33°, Chairperson of the Necrology Committee who will present the Necrology Report for the year ending April 30th, 2008.

SUPREME COUNCIL

The 195th Annual Meeting of the Supreme Council, 33°, Ancient Accepted Scottish Rite for the Northern Masonic Jurisdiction, U.S.A., was held in Washington DC, jointly with the Southern Jurisdiction, on August 23 – 28, 2007 with Sovereign Grand Commander,

Ill.: John William McNaughton, 33°, presiding. This being the first time ever that the two Jurisdictions meet jointly everything went off without a hitch. Our hosts really laid out the red carpet for us. For me the highlight of the week was witnessing the conferral of the Southern Jurisdiction 33°, visiting The House of The Temple and the Gala Banquet. I mention the banquet for two reasons; 3500 people served a four course meal in one hour and five minutes and keynote speaker, John H. Glenn, Jr., 33°, former Astronaut and Senator from Ohio address. The assistant banquet manager informed me it was the largest group they had ever served at one time.

As you have just heard from the Necrology report, our Supreme Council has experienced one passing during the year. Ill.: Donald F. Culton, 33° Active Emeritus Member for the state of Rhode Island.

At last years meeting, Ill.: Verdon Skipper, 33°, an active Member for New Jersey requested early retirement and was granted Active Emeritus status.

There were four new officers for Supreme Council elected at the Annual Meeting. Ill.: Robert F. Ogg Jr., 33° is the new Deputy for Rhode Island, Ill.: Michael A. DeWolf, 33° of Wisconsin became Grand Keeper of the Archives; Ill.: Robert E. Godbout Jr., 33° of Massachusetts, Grand Master General of Ceremonies, and Ill.: David P. Spencer, 33° of New York the Grand Standard Bearer.

Five new Active Members were elected to the governing board of the Supreme Council. Ill.: M. Ray Bickford, 33°, of Bangor ME, Ill.: Jeffrey W. Coy, 33°, of Shippensburg, PA, Ill.: David R. Bedwell, 33°, of Superior Township MI, Ill.: C. Keith Hoskins, 33°, of Angola, IN, Ill.: William R. Powers Jr., 33° of Cincinnati, OH.

At this session we were pleased to see four of our very worthy Brothers among the class of 174, Ill.: Donald G. Duquette, Ill.: Calvin K. Keyler, Ill.: Michael A. Lunn and Ill.: Winfred G. Pike coroneted a 33° Mason making them Honorary Members of Supreme Council and full members of this Council. We congratulate these brothers for their outstanding service and contribution to the Fraternity, and to Scottish Rite in particular. I also thank those who were able to attend and share this special experience with our honorees.

A total of 104, 32° Masons were elected to receive the 33° in Providence RI. this August. We are very pleased to have Brother Ronald J. Place in the class.

32° MASONIC LEARNING CENTER FOR CHILDREN

Our Center continues to be a visible asset to Vermont masonry. We are indebted to our Center director, Carlene Badeau, and the Board of Governors who give their time and talent in seeing that the center stays within the Supreme Council's guide lines. Our funding, as in previous years, continues to be the lowest contributor to the Learning Center endowment fund, the Sponsor a Child program and to the Builders

Council. We have total contribution so far in 2008 of \$10278. Our approved budget is \$105,048. Vermont has contributed \$5000 this year to the Support a child program. I do want to thank the Order of Eastern Star for their continued support.

I will now call upon. ILL. Mike Lunn, Chairman of the Board of Governors, for his report on the Learning Center.

Valley of Montpelier

This Valley's Membership Committee has been hard at work this year and the results has been rewarding. They have had twenty plus candidates at every degree presentation. This along with some excellent degree work and meals has shown a steady increase in attendance.

Their officers are active, reports are timely and they do an excellent job of promoting Scottish Rite in the area. I congratulate them on their achievements and could not ask for more. Keep up the good work.

Valley of Burlington

The Valley of Burlington continues to struggle due to lack of dedicated leadership. A large number of the line officers are not attending Administrative Council meetings. Consequently organizing, planning and administration are left to a dedicated few. The Council has also made some changes in key positions with positive results. The membership and membership retention committees have been active with varying results. Degree presentations have improved during the year. The Valley continues to hold monthly activities with a varying amount of support from its membership. Upon review of the Valley by laws it was determined that they were not in compliance with the Supreme Council Constitution. The Chairman of the Administrative Council appointed a committee to review the discrepancies, and at my request, include recommendation for a new organizational structure. The committee's recommendations having been warned and approved for adoption I look forward to a more efficient operation within the Valley and throughout the State. I do commend those Valley officers and members for their efforts through the year and encourage them to continue with the new organization.

Valley of Rutland

We have to be impressed with the continued progress in this Valley. The recruitment of candidates, expansion of degree work and general administration responsibilities has significantly improved during the year. Most meetings are now opened in ritualistic form preceded by a meal resulting in improved attendance. Their attempt to exemplify new degrees and involve new members has resulted in some nice work. The new secretary has been a key figure in keeping reports, records, plans, schedules and other administrative duties updated and in order.

There are some really dedicated members that are determined to see the Valley succeed. I am confident that with the present slate of officers this Valley will continue to grow and prosper.

Valley of Brattleboro

This Valley has shown no signs of turning itself around during the year. Only a minimal number of meetings were held due to calculations for various reasons, weather, conflicts, quorum, etc. The Annual meeting held in April consisted of only five members, all officers. They have not had a candidate in three years which resulted in no degrees or activities. Some of the problem lies with personalities within the Valley that

also exist in other Masonic Bodies in the area. There is no active committee structure in place to address membership and activities. They are in desperate financial condition with no plan for recovery and have asked the building association to reduce their rent. They were able to do that last year but with the rising cost of building operation I am not sure that will suffice. Due to lack of officers, we have requested that the Valley concentrate on Lodge degrees and membership recruitment, specifically staffing the 4°. With help from Rutland it should be doable. I applaud those few Brothers who are trying to keep this a violable Valley. However we are approaching a time when action will need to be taken.

VERMONT - 32° MASONRY

The Valley's of Burlington and Montpelier continue to present some of the best degree work in the State. They are both on a plan to present all the degrees within a six year period. It is also pleasing to see Rutland expanding their degrees after a long absence. I am pleased that our Valley's are now doing formal opening / closing ceremonies as was requested. This makes for a much more impressive event.

In order that candidates have an opportunity to experience as many degrees as possible, the Valley's are coordinating their schedules. With the current upsurge in the number of candidates seeking admission, it is imperative that we accommodate their schedules. To do this will require more frequent degree presentations. It is my hope that the 4th degree be exemplified three times per year in different regions of our State. That each Valley conduct degree work every other month with the exception of July and August. I realize this is an ambitious program but if we are to grow the Rite we need to step up to the task.

I was pleased that Consistory is continuing their exchange visitations with Sigma Consistory and in hopes to renew with Montreal. I have spoken with the Deputy for Quebec and he is in favor of continuing the relationship. Moving the Consistory around the state will give each Valley the opportunity to host the session and spur attendance. It was pleasing to see 38 new Sublime Princes of The Royal Secret initiated at our reunion. This was double the class of last year. Keep up the good work and double that next year. Not only did we have a good class the side lines were full of Brothers. There were people on the sidelines that I hadn't seen in some time.

ILL.: Brother Eric Gimette put together a wonderful membership recruiting program to be used by our entire membership. He has held training sessions in Montpelier and Rutland and is willing to go throughout the State in support of the membership committees. This year's class is a testimony that the program is effective and I urge everyone to use it. Brethren, the opportunity is there, we are still seeing resurgence in Blue Lodge activity, let us take advantage of it.

The Council of Deliberation again presented a certificate for membership into Scottish Rite to the Grand Lodge "Young Master Mason of the Year". This year's recipient is Brother Sean Selby of Island Pond #44, Scottish Rite congratulates this fine outstanding mason. Upon presentation of this certificate to a Valley Secretary his initiation fees to join the Valley will be paid in full or if he is already a member it will cover an equivalent number of years dues payment.

STRATEGIC PLAN

Each Valley has updated their Strategic plan and asked to pick at least two items to concentrate their efforts on.. This plan should provide for the future as well as the present. I charge each Valley Administrative Council to implement their plan and report to the Deputy on a quarterly basis. Brethren, there is much more to planning than planning degree presentations and rehearsals. I expect every officer to have a copy of their Valley plan. It is imperative that the first objective of the plan must be Membership and Retention.

FAMILY LIFE PROGRAMS

Most Valleys' have held Family Life events. I have attended many of these and always look forward to the fellowship and camaraderie which they bring. If Masonry is going to grow, I challenge the membership to pitch in and support this effort. It is an excellent opportunity to introduce non members to our fellowship. As we are a small state let us support each other, renewing old acquaintances, as well as making new ones.

ABBOTT SCHOLARSHIP GRANTS

Vermont's share of the Abbott Scholarship grants for 200 was \$3500. It will be my pleasure to introduce some of these recipients at our luncheon that follows. These scholarships are made available mainly through our support of the Blue Envelop appeal and the invested funds at Supreme Council. I will now call upon ILL.: Brother Roland J. Smith, 33° for the committee report.

I will now call upon ILL.: Brother Earl Washburn, 33° who will give the Meritorious Service Awards Report for 2008.

SCOTTISH RITE WEB SITE

I want to thank ILL.: Brothers Rayfield and Steele for their efforts in getting this site up and enhanced. It is something that Vermont Scottish Rite can be proud off. You all need to know the web address: www.scottishritevt.org and please refer to it often for updated information. I have requested that each Valley have a communications person for two purposes. First, to keep the Valley activities and news items current on the web. Second, to get correspondence and news items into their local news papers.

CONCLUSIONS

For the first time ever a mid winter Council of Deliberation meeting was held for the purpose of getting the committees operational. I feel we accomplished the mission with a goodly number of members present and contributing to their committees. Many ideas reviewed and adopted for the betterment of the organization. I would recommend the continuance of this meeting with the possibility of choosing a week night instead of taking away family on a Saturday.

I thank ILL.: Brother Eric and Lisa Gimette for their help and support this past year making arrangements, putting together presentations and visiting Valley's around the state. Thanks are also in order for all Brothers' who have taken leadership and support rolls in our Valley's. It is your dedication that is vital to the success of the organization. We have two wonderful programs that have been put together in support of your efforts. The officer training program is now mandatory for all officers. The membership recruiting program we now works, I urge everyone to familiarize themselves and put it to work. We have had some outstanding Family Life programs; we held a successful walkathon in conjunction with the entire NMI, earning \$2367 for our Learning Center, requiring the work of several brothers. I am asking that each Valley continue this effort. Ritual presentation has improved but we are not quite there yet. This is the area that is our best recruiting tool. We need to strive to put on the most impressive degrees that we are capable of performing. And most of all lets have FUN doing Scottish Rite activities.

I thank each of you for your attendance this morning and at our events this past year.

Fraternally submitted,

Frederick E. Jackson, 33°
Commander-in-Chief

REMARKS OF GRAND MASTER CALVIN K. KEYLER

Good morning my brothers, Good morning Commander in Chief. It is a pleasure to be back here with you again and to tell you we appreciate so much of your participating in Freemasonry. This last week we concluded our Grand Lodge communications and it was a great success because so many people did a great job as a team and I see in this room many people who participated in assisting us in being a success, including brother Fred who is our Chairman of Arrangements. As most of you know, Fred has tried to step down, but we just won't let him do it, because he's so good at it. It's these kind of details that make a meeting like that really come to life. Doug Hildebrand over here, is our man on recording and set up and everything else. Wherever you look there are brothers in this room, who did their job and made the Grand Master look good. I appreciate you asking my predecessor, my junior Past Grand Master Jack Campbell to introduce me this morning. It is always nice. I just like to call him Junior Past Grand Master, because he always makes me call him Senior. Earlier I alluded to the fact that we are striving to be a family of Freemasons here. It is not something new. We have always been a family, but we really haven't worked together as a group and I think we are headed toward that direction and it is probably so because at the corner of all the groups is Freemason are heading into some pretty successful times right now. Due to some of Jack's leadership and the reorganization of our committees, we are servicing lodges much more than we used to, and we are starting to get a lot of young new enthusiastic candidates which is always nice to hear and eventually these brothers will be available to join your organization. One of the things that I've always been impressed with about the Scottish Rite, and this is not just Vermont, but nationally, is the way they have maintained their presence as Freemasons. They have supported Masonry in a big way by offering assistance and help to grand lodges across the country in terms of public relations, programs, membership programs and other support things that they have done. Just last year at the massive meeting in Washington D.C., between the Southern and Northern Jurisdictions. It was quite Brother Jim was able to address, I believe it was, 47 Grand Masters that were in attendance there and that was one of the all time highs. I thank you all for being a part of a great organization. And I look forward to us all working together in the future. Now I don't usually come to these things without a little something for the group, so I have a check here for you, make sure it gets to the right place, its from the Grand Lodge. Thank you my brethren, we look forward to serving our craft in the future years. Thank you very much.

THE COMMANDER RECOGNIZED:

Bruce E. Pomeroy, Past Grand Master of Vermont
 John R. Campbell, Past Grand Master of Vermont
 Thomas Johnston IV, Deputy Grand Master of Vermont

REPORT OF THE COMMITTEE ON THE CONDITION OF THE RITE

To the Vermont Council of Deliberation now in session:

Illustrious Deputy, Active Emeriti, and Brethren of this Council:

We stand here this morning at an important moment in the history of our Rite in Vermont. On every hand we see years of decline giving way to a new spirit of innovation and growth. While it is true that many problems remain and our advancement has not been dramatic, yet there is enough movement in a positive direction so that the outlines of a brighter future have become discernable. Let's take a look at our Valley's work in this past year.

The Valley of Burlington has gone through some historic changes this year in response to a dramatic decline in membership. Haswell Lodges of Perfection dropped from 1,254 members in 1982, the high point of growth, to about 400 members today. Most notably, the VT Consistory has been redefined as a Body of this Valley. This has considerably streamlined the Valley's management, with duplicate

Administrative Councils and financial structures eliminated. It will also give greater cohesion to the Valley, with all the Officers meeting together as one Executive Board for the first time in 23 years. Additionally, with the Consistory no longer charged with overseeing the other Vermont Valleys it will be better able to focus on building up its own activities. We saw evidence of this already when the 19th degree was performed in Montpelier in March, giving this year's candidate class a first taste of the work of this Body. Illust. Brother Jack Campbell and his committee for Valley reorganization are to be warmly commended for many hours of hard work in creating the new Valley by-laws. And I commend the Officers also, who display a renewed sense of commitment and dedication to the task of returning the Valley to better days. A new streamlined Officer structure should further lubricate the Valley's work as they launch a new year with a full schedule of degree work, family life activities, and publishing their fine newsletter. I am very optimistic about the year to come in Burlington.

The Valley of Brattleboro is our weakest Valley and did not succeed in staging a come back last year. Their choice of TPM was an unhappy one, as this Brother did not accomplish anything. As a consequence, no new members were brought in, nor was any real effort made to develop a membership committee. I asked them to cease work in their Bodies except for the Lodge of Perfection, and to focus on two goals: the creation of casts for the 4th and the 14th degrees, and to put together a viable membership committee. Realizing the feebleness of their situation, Brother Nathaniel Seeley has been chosen as TPM and given the task of realizing these goals. This Valley still has a fairly large membership, and is situated at the bottom of the Connecticut River Valley, one of the most populous areas of our State. I see no reason, given some hard work by their Officers, they cannot grow and prosper in the coming year.

The Valley of Montpelier has continued to lead the State in new growth in membership. This year for the first time in many years the over all number of members in this Valley has not declined. This is an important milestone. They have also shown continued advancement in the quality of their degree work under the able leadership of Ill. Brother "Rick" Rayfield, their Degree Director. This has translated out into packed sidelines for their meetings, with 60 or 70 Brothers being seated regularly. Their March meeting in combination with the VT Consistory had just over 100 in attendance, and was the second largest Masonic meeting of any kind in the State last year, the District meeting for District 5 alone surpassing it, to the best of my knowledge.

This Valley has been greatly aided by its influx of new members who have quickly been put to work in degree parts, as stage workers and as members of their Administrative Council. I see that over one half of their Officer line consists of young men who have been members less than three years. The resultant changes have left my head spinning as creativity is uncorked on every side. They also have a solid cadre of experienced and dedicated men. Besides Rick as I mentioned before, special notice must be given to Bob Herdling and his staging crew, Doug White as Treasurer and Publicist and a few other jobs, and Donald Duquette, secretary extraordinaire.

The Valley of Rutland, although one of our smallest Valleys, illustrates what a handful of dedicated Brothers can accomplish. They created a nice group of new candidates this year, one more than last year, and so sustained a pattern of growth. The inner core consists of enthusiastic and dedicated officers who put in a lot of time to make this growth possible. They created an excellent 16th degree team and traveled to Montpelier in February to share their work. They are now putting an 18th degree team together. If they can work together with the Brattleboro Lodge of Perfection, this will give us a complete slate of required degrees available in the southern part of our State for the first time in many, many years.

Another noteworthy accomplishment of this Valley was the beginning of a newsletter being mailed to their membership. Hooray! They have also begun a Family Life program under Bill Anderson, and plan a trip to the National Heritage Museum this July 27th. Let Bill know if you want to go along- or better yet, perhaps the other Valleys would like to join Bill's effort. In short, this is a small group with a lot of creativity and dedication that are making things happen.

In conclusion I would like to extend a huge Thank You to all our Officers and leaders for the hard work they have been doing to turn the rudder and bring the ship of Scottish Rite about in Vermont. It may not be clear from where you sit, but a State wide and year long look, as I have tried to present here, clearly shows progress being made on many fronts. It all adds up to a more hopeful picture than we have seen for many years. We are here this morning at an important moment in our history because we can either build upon the solid advancements we have made, or sink back into apathy and indifference. Attitude is the critical difference between these two. The gains we have made are a good beginning, but our task is large. Let us go onward with courage and conviction, and listen to an even rosier report on this day next June. And once again- Thank You to all those who labor on the decks of this great ship.

REPORT OF THE CONSTITUTION COMMITTEE SCOTTISH RITE REORGANIZATION

This committee was appointed by the Valley of Burlington Administrative Council through its chairman, Ronald Place, and by the Vermont Consistory through its Commander in Chief, Leonard M Branch. The impetus for the creation of the committee was based on a directive from the Supreme Council and the Deputy for Vermont, Frederick E. Jackson, reasserting that the Vermont Consistory is a part of the Valley of Burlington and as such must fall under that Valley's governing committee. The current bylaws of the Valley of Burlington do not make those

provisions. Further, there exists a separate Executive Council, which is acting as the governing body of the Consistory contrary to the Constitutions of the Supreme Council, NMJ. This committee was tasked with addressing the issue of the Valley organization as it relates to the Consistory and the governing bodies thereof and to make recommendations to bring the Rules, Regulations and By-Laws of the Valley into compliance with the Constitutions of the Supreme Council. After an thorough review of the governing documents of the Supreme Council, the Vermont Council of Deliberation (COD), the Valley of Burlington and the Vermont Consistory by the committee, it was deemed appropriate that the Valley by-laws be updated to reflect inclusion of the Vermont Consistory within the governing jurisdiction of the Valley; that the Executive Council be abolished, and that the COD Constitutions be updated to reflect management of those issues previously assumed to be in the jurisdiction of the Executive Council. It was also felt the COD must take a more active and hands-on role in the policy making and coordination of Scottish Rite programs and activities in the State under the general direction of the Deputy for Vermont. Further, at the direction of the Deputy and with the authority of the Supreme Council, we looked at the possibility of providing for a more compact and streamlined organization of the Valley Body Officer corps and the Executive Board in an attempt to have a more dynamic and committed leadership. Accordingly, the committee has prepared recommended changes to the Vermont COD Constitutions and the Valley of Burlington Rules Regulations and By-Laws. A marked up copy of both the COD Constitutions and Valley By-Laws are available for review. Also available is a "clear" copy of both documents reflecting them as they will appear upon being approved. Attached to this report is a document which represents a summary of the changes to both documents.

The committee respectfully recommends that these changes be adopted and the provisions there-in provided be implemented as soon as practical. We further recommend that the Consistory Executive Council be disbanded forthwith. We advise a review of the all Valley's By-Laws to assure compliance with any adopted changes to the COD Constitution. We encourage the Council, with the consent of the Deputy, to mirror the Valley of Burlington officer corps reorganization in other valleys in the state. We stand ready to respond to any questions and or suggestions concerning this report and to assist in its implementation.

Sincerely and Fraternally,

John R. Campbell Jr, Chairman For the Committee: Roger L Crouse, James E. Selleck, Frederick Rayfield, Robert A. Lemmah, Robert M. Gockel

REPORT OF THE SECRETARY

To the Vermont Council of Deliberation now in session:

I received thank you's from the following who received donations from the Council:

- Both Masonic Youth groups: DeMolay and Rainbow,
- John Kennedy, Jr., Masonic Visitor, Bennington Veteran's Hospital,
- Merlin Doyle, Masonic Visitor, White River Junction Veteran's Hospital,
- Thomas Bailey, Masonic Visitor, Fletcher Allen Health Care, Burlington
- and the Director of Scottish Rite Charities

Again this year the distribution of the Annual Meeting Proceedings was done by way of CD's, PDF files sent by email, and hard copies.

An email address to the Secretary will get any of you a pdf file of the Proceedings.

This year the Council held a Mid-Year Winter Workshop meeting, February 09, 2008, at the Green Mountain Masonic Center in Williston. The following committees held meetings in the morning session: Membership, Finance, Secretary's, Directors of Work, Publications and Nominations. Following lunch, the Commander-in-Chief, Brother Frederick Jackson, 33°, opened the Council meeting with twenty-six Scottish Rite members in attendance. Committee reports were then presented. Following the committee reports, the Commander-in-Chief presented information relating to Scottish Rite in Vermont. The various Reports will be presented later and published in the Proceedings..

Now, on to the area of interest to us all – Membership. The membership statistics for the past year, as of April 30, 2008 are as follows:

- Vermont Consistory (inits: 55).....968 a net loss of 18 (1.8 %)
- Four Chapters of Rose Croix(inits:59).....1,048 a net loss of 12 (1.1 %)
- Four Councils, Prince of Jerusalem (in: 58).....1,064 a net loss of 14 (1.2 %)
- Four Lodges of Perfection (inits: 52).....1,096 a net loss of 21 (1.9 %)

The previous year's were 4 - 6 %. Typical of what we have been running for a number of years. This past year, our losses, were 1 - 2 %. This is the smallest membership decrease we have had in many a year!
Let me repeat that - This past year, our losses were 1 - 2 %. The smallest loss we have had in many a year.

159 of our Consistory members have been in Scottish Rite for less than ten years and we brought in 1/3 of them just this past year!

Congratulations to all who made this membership turn-around possible!

Let's keep up the good work and initiate even more this year.

Of interest, and possibly concern, we have 128 Lodge of Perfection members that are on the road to Consistory. It's a long time before our next Consistory class is held. Let's see that these members continue on the Consistory road and do not lose their interest and "fall between the cracks." We need them as 32rd degree Scottish Rite Masons. Getting them into Consistory would increase today's Consistory membership numbers by 13 %

I don't want to bore you with statistics, but now a quick look at the ages of our members. Something to ponder:

Only 6 % (56) of our members are less than 40 years old

Three quarters are 60 years old or older!

And slightly over one-half of our membership is 70 or older!

Let's all get out and sell Freemasonry and Scottish Rite and make the 55 member Consistory class we just had the beginning of the turn-around in Vermont Scottish Rite. We can do it!

Fraternally submitted,

Robert A. Powlus, 33°
Secretary

SECRETARY COMMITTEE REPORT

To the Vermont Council of Deliberation now in session:

Some of the discussion and observations from our February 9th meeting:

MDS System

- Lexington should not process a pending posting without getting the Valley Secretary authorization.
- Valley Secretaries need system authorization to change degree dates and other information.

Due to previous system conversions, lot of incorrect information is currently in the database. Much time over an extended period is needed to correct these errors.

- The Secretaries are waiting for the March meeting in Lexington to find out about the system changes (One Secretary was unable to attend).
- All Valley Secretaries are using MDS to track donations as well as dues received from our members.

Drama Degrees

- Someone other than the Valley Secretary needs to manage this (in the afternoon meeting, Fred gave permission to the Secretaries to make copies of the drama disk for the drama directors, who will manage this, but the Secretary needs to record who he gives the disk copy to).

- With the Valley assuming a large increase in printing and mailing, Supreme Council really needs to consider allowing electronic distribution like they are doing with much of their business communications.

All Secretaries are recording minutes for Administrative Council meetings as well as stated meetings.

The Secretaries thought the Lexington Training had very little benefit, since most was geared to large Valley operations. They get more assistance from each other within Vermont. They thought the February meeting was worth their time, but suggest that future meetings might be held on a week night rather than taking a Saturday away from the family, but the one not present disagreed with this suggestion due to his work hours.

As Chairman, I want to thank all of the Secretaries in their hard and dedicated work they do for our order and their willingness to help each other.

REPORT OF THE SCHOLARSHIP COMMITTEE

To the Vermont Council of Deliberation now in session:

This year Vermont was allotted only \$3500.00 from the Abbott Scottish Rite Scholarship Fund for your committee to allocate. The committee voted to award three Scholarships as follows:

Caitlin G. Loretan, University of Vermont, Burlington, Vt.-\$1250.00 (2nd. year)

Brett A. Smith, Champlain College, Burlington, Vt.-\$1000.00 (2nd. year)

Nikiah L. Vincent, College of St. Joseph, Rutland, Vt.-\$1250.00 (Senior)

There were six applications submitted of which one was not complete.

A new rule is that a student must have completed their first year of collage to apply. This Committee wants to remind applicants to read and follow the instructions thoroughly.

This committee is restricted as to the minimal amount of each scholarship to be awarded.

One thousand dollars is the low limit.

Any member that knows of a student that plans on applying for the Abbott Scholarship next year, should make them aware of this and tell them to apply early and have their application in at least two weeks before the first of April.

A note of interest: On the form it asks for affiliation: Father, Grandfather. Most every student has to use Grandfather.

REPORT OF THE MEMBERSHIP COMMITTEE

To the Vermont Council of Deliberation now in session:

When I was made an Active member of the Supreme Council, I began an attempt to bring the principles I had developed as membership chairman in my home Valley to each of the Valleys in our State. When I was made membership chairman, I was the only new member to have joined for several years. Classes of one or two were the norm. I reasoned that our "life blood" if you will was the Blue Lodges of our Valley, and began to visit and speak to them about the Scottish Rite. Within a couple of years, candidate class size reached a dozen. So I thought I could teach through a series of seminars the things I had learned, and every Valley would have big candidate classes. It has not been as easy as I envisioned.

I held my first seminar in Montpelier in March 07. Some members of Burlington attended, and John Parenteau was among them. I loaned John some literature about the Rite, shared my "talking points" with him, and wished him luck. I developed and widely distributed these talking points because I realized no one had a good answer to the question "why join the Rite?" I built up Montpelier's membership committee from one to four. I also created this membership committee of the Council of Deliberation, and we met at the February "Workshop" meeting of this Body. In January I tried to present a seminar to Brattleboro Valley. Only a few brothers attended, and of these only one, Robert Fagge, expressed any interest in trying out my idea of actually visiting Blue Lodges. However, as far as I know nothing ever came of this. A similar seminar in Rutland was attended only by one member of that Valley.

I sense Rutland feels they need no advice, and in truth they are doing pretty well, having had eight new members last year and nine this year. Win Pike and the officers there are very active Masons and are doing a lot to build that Valley up. Brattleboro brought in one member last year and none this year. Burlington hit the dozen mark this year, an increase of 5 over last year. Imagine what might happen if they had two brothers on their membership committee! Montpelier lead the State again with 17 new 32° Masons, an increase of two over last year. They also did a few associated things that helped, like using heavy parchment paper to print their petitions on, which gives them a lot more class. Brother Lee Martenson has been the driving force behind the Montpelier group, and they visited something like seven of their Blue Lodges in the last year. I rebuilt the petitions of each Valley in the State, updating them in conjunction with Robert Gockel. I also had these petitions uploaded to the Grand Lodge website.

What I'm trying to express is that there are lots and lots of Blue Lodge Masons out there who not only would benefit from Scottish Rite membership, but are ready to join. But by and large, no one is asking them. We could easily triple our candidate classes. All it takes is a little effort. All of our problems would disappear if we would stop worrying about them and go recruit new members.

Here are a couple of recommendations from the committee. The Council of Deliberation of Maine has begun a program where each month members of their Valleys target a few Blue Lodges to attend. A communication goes out to the Valley members to all converge on that Lodge on such and such an evening. Brothers, believe me this can have a huge impact on this Lodge. It is good to give a talk about our Rite at such a meeting, with the Master's approval. But it is also good to listen to the Brothers, learn what they are doing, how they are doing it. The secret of a viable Valley is a strong interface with the Blue Lodges within that Valley. If you expect them to help Scottish Rite, well, how then is Scottish Rite helping them? Having a couple of membership committee guys faced with the challenge of visiting strange Lodges and speaking to them is daunting. I find it to be fun, but I discover most look upon it with dread. However, with a few other Valley brothers there, it will not be so difficult to do.

It is also very helpful to tie in Valley activities with your local Blue Lodges. Ideally, Family Life events should be planned together with area Blue Lodges. I realize there is reluctance on the part of the Lodges to work with another "strange" group. But this is just what we need to overcome. It is vital that we build the realization we are all members of one Brotherhood.

In closing I will remind you of my key talking point. The Scottish Rite completes what the Blue Lodge begins. At the end of the Third Degree the Temple remains unfinished. What clearer symbol could there be that the brother's Masonic education is not yet done? Our degree system imparts the real meaning of Masonry, and without it no one's Masonic knowledge is complete. So look upon it as bringing to Master Masons the Light they so vitally need. Such a great product just sells itself.

DIRECTORS WORK COMMITTEE

To the Vermont Council of Deliberation now in session:

This was a first of a kind meeting for this committee and there was much discussion on a lot of items. This committee was charged to discuss emerging new techniques of presentation, problems, and recommendations to improve our meetings and degree work.

The first comment from the directors was how could they get more control of the CDs to keep up with each degree? The Deputy was present and told the directors the Secretaries could burn a CD of the degrees for each director.

It was felt more planning and coordination with all of the Valleys, so that more of the none required degrees could be performed. What or how can we improve or do the degrees differently? Some of this has to do with the facilities, props and costumes.

It was highly recommended to open each stated meeting/degree and do the usual items, such as saluting the Flag and Fraternal collection also the prolog. Have the Actives do their comments after the degree. Keep cast members out of the room where Candidates are so they get full effect of the degree. After the degree have cast congratulate candidates and be seated on side line to listen to commercials and the Actives comments.

There was discussion on casting and rehearsals, a suggestion get Body Heads involved to help the directors get cast members to rehearsal. Let them know how important the rehearsals are for Scottish Rite.

This committee or the Directors get together at least once a year to coordinate degrees for the year in all Valleys. Make sure they don't conflict with one or the other. Get the degrees and dates put on Calendars of Grand Lodge, Green Mountain Freemason, Scottish Rite Web Site and news letters. Use our Web Site for more information to help the Make up Crew, Costumes and Stage Crews. When this Committee meets to plan degrees try to have dates of the other fraternal organizations so there are no conflicts.

Suggest working under studies into the degrees for replacements.

The Deputy asked to have a play or degree for the Council of Deliberation in June as the Sovereign Grand Commander will be attending. This was his request at this meeting unless there were changes later.

Roland Smith Chairman
Directors from each Valley

REPORT OF THE COMMITTEE ON THE 32° MASONIC LEARNING CENTER FOR CHILDREN

Report No. 1

To the Vermont Council of Deliberation now in session:

The Burlington, VT - 32° Masonic Learning Center for Children has been in operation for 5 years. Our learning center is located in the Green Mountain Masonic Center in Williston, VT.

In Oct 2007 we held our fourth annual "Waterfront Walk To Help Children with Dyslexia" held on the Burlington Waterfront. This event was not successful, attendance continues to decline and we have decided not to hold an event this fall.

We are reorganizing the Board of Governors to make it more efficient and act more like a board. As most of the individuals on the board of governors have been on the board since the beginning we are actively looking for individuals that would like to help the learning center. We have added a few more board members to help in this cause. Due to personal obligations I will be stepping down as Chairperson of the Board of Governors as soon as a replacement can be found. I will remain active on the board as much as possible in a supporting roll. We are looking for all valleys to help with running our Learning Center.

We are looking to more actively promote the learning center to get the word out of our progress. We are actively looking for additional children for our tutoring program and more interested adults to fill our tutoring positions.

I would like to thank each of you and your valleys for making our learning center successful. Thank you very much.

Fraternally Submitted,

Michael A. Lunn, 33° *Chairman Learning Center Board of Governors*

I move the acceptance of this report.

REPORT OF COMMITTEE ON AWARDS FOR MERITORIOUS SERVICE

To the Vermont Council of Deliberation now in session:

There was only one nomination made to our committee for the year 2008. At this time your committee has decided to defer this nomination for one year and it will be submitted for the 2009 annual report. Our decision is based on the number of MSA's awarded over the past few years. It is a prestigious award and we do not intend to dilute that aspect. The nominee is well worthy and does merit our attention for next year.
